

**ELECTRICAL/ELECTROMAGNETIC FIELD/RADIO FREQUENCY RADIATION
(EFL/EMF/RFR) EXCLUSION CLAUSE**

This insurance does not apply to, and we shall have no duty of any kind with respect to, any injury, damage, expense, cost, loss, liability or legal obligation arising out of or allegedly arising out of, or in any way related to Radio Frequency Radiation (RFR), extremely low frequency electrical fields (EFL) and/or extremely low frequency electromagnetic fields (EMF).

Extremely low frequency electrical fields (EFL) and/or extremely low frequency electromagnetic fields (EMF), means the 50/60 Hertz power mains frequency electric and magnetic fields or invisible lines of force that occur wherever electricity is present.

This exclusion applies, but is not limited, to any injury, damage, expense, cost, loss, liability or legal obligation to test for, monitor, abate, weaken, control or take any other remedial action with respect to EMF's, EFL's or RFR's.

The addition of this endorsement does not imply that other policy provisions, including but not limited to any pollution exclusion, do not otherwise preclude or exclude coverage for

EFL/EMF/RFR related injury, damage, expense, cost, loss, liability or legal obligation.

In all other respects this policy remains unaltered.
