

SPECIAL CLAUSE FOR CHEMICAL IN BULK

Including pipe line risk at both ends.

Including the risks of explosion and contamination irrespective of percentage.

To pay shortage but only in excess of _____ % on the whole shipment, unless caused by the vessel &/or craft being stranded, sunk, burnt or in collision.

Warranted that no transshipment is allowed.

Notwithstanding anything contained in the Transit Clause of the Institute Cargo Clauses to the contrary, it is understood and agreed that this insurance attached from the time the goods have passed the coupling of the pipe of shore tank at the port of shipment and continues thereafter as stipulated in the said clause, until the goods are discharged into the consignee's or other shore tank at the port of destination named in the policy.

Requirements for survey and analysis prior to commencement of voyage.

Warranted by the Assured that:

- 1) the ship's (including loading coastal tanker &/or barge) tanks be cleaned, tested and approved prior to loading of the goods,
- 2) the goods shall be analyzed, gauged and weighed at port of loading (including the port of loading into coastal tanker &/or barge),
- 3) tanks of loading coastal tanker &/or barge be cleared out and dried up in full at completion of loading of the goods onto overseas vessels, and
- 4) the satisfactory certificates as to above mentioned surveys and analysis be given by Lloyd's or other Authorized Surveyor.

Requirements for survey after arrival at port of discharge.

Warranted that:

- 1) Our Authorized Surveyor shall take sample of the goods at time of discharge and shall generally supervise the weighing, gauging, measuring and other operation for determination of condition of the goods, either prior to or during, or at completion of discharge from the overseas vessel,
- 2) the ship's tanks be cleared out and dried up in full at completion of discharge from the overseas vessel into shore tank, and

The satisfactory certificates as to above mentioned surveys be given by our Authorized Surveyor.
